## 1 Leo & Josh

Work on slide analyzer.

### 1.1 notes from John

- words spoken per slide if the professor goes back to a slide and talks we can treat that as a new slide
- total number of slides workaround: treat each instance of a slide as a new slide. Look up correlation

## 2 Naiqi

work on documentation. install instructions including ffmpeg

## 3 jinghan

for visualizer make the initial figure size bigger. work on presentation.
